Native Speaker

Education

Champlain College
Business/Computers
Magna cum laude
1998 - 2001
B.Sc.

Military Service

Air Force
sergeant
1994 - 1997
Israel
Light Helicopter Technician

Certifications

Amateur Radio Operator
Federal Communications Commission
2022-12

Seasoned Software Engineering Executive and architect with 20+ years across eCom-
merce, fintech, and defense, proven in scaling and leading engineering teams. VP of
Engineering at Jet (first employee, \$3.3B Walmart acquisition), Technology Director at
EPAM (Directed a team of 100+ engineers), and Principal Cloud Architect driving cloud
strategy. Now building Rust and Nix systems with agentic-AI workflows. Passionate
about advanced technologies, mentoring teams, and strategic solutions.

Open Source Projects

pr4xis

pr4xis.dev

Axiomatic intelligence. Doing the right thing,
provably.

RUST ★ 12 ~295K LOC 7,600+ TESTS

vogix

A NixOS UX subsystem for unified desktop
appearance and behavior.

RUST NIX ★ 50 ~15.5K LOC 320+ TESTS

nix-license

nix-license.dev

Define your usage. Ensure license
compliance on every build.

NIX ★ 1 ~4.7K LOC 200K+ CHECKS

mynixos

A NixOS-based distribution. Defaults that
work, mkDefault so you always win.

NIX ★ 3 ~16K LOC 430+ OPTIONS

claude-code-proxy

OpenAI-compatible API proxy for Claude
Code CLI.

RUST ★ 7 ~1.3K LOC 54 TESTS

resume

i-am-logger.github.io/resume/

This résumé.

NIX ★ 2 ~690 LOC

Experience

Ukon ukon.com

2024 - 2025

Senior Software Engineer | Cyber Insurance

Mentored junior engineers. Leveraged agentic AI to build Rust-based product features ,
immutable cloud infrastructure, CI/CD using Pulumi and TypeScript for safe multi-envirom-
ment deployments.

AGENTIC AI | RUST | NIX | GOOGLE CLOUD | PULUMI

Sky360 sky360.org

2022 - 2024

Head Software Engineering | Management Team | Volunteer | Open Source

Led open source engineering team of over 20 contributors building an open-source,
multi-sensor robotic system to observe and track UAPs. Responsible for overall software
architecture.

AGENTIC AI | RUST | C++ | PYTHON | NIXOS | ROS2 | OPENMCT | SOFTWARE ARCHITECTURE | WORLD-WIDE
COMMUNITY WITH OVER 2500 MEMBERS

Aptiv PLC (\$APTV) aptiv.com

2022 - 2023

Principal Cloud Architect | Executive | Automotive

Spearheaded strategic cloud architecture and drove innovation initiatives as technical
executive, focusing on 5-10 year future projections for compute, real-time cloud (sub-ms
latency), network (including 6G and satellites), storage, and AI technologies.
